

Using resources such as the Internet (with your parent's permission), books, and magazines, find out how this achievement has influenced the world today. Tell your counselor what you learned. _____

2. In the Outdoor Code, a Scout pledges to "be conservation-minded." Discuss the following with your counselor:

a. The term sustainable architecture. _____

Identify three features typical of green buildings. _____

b. The difference between renewable building materials _____

and recycled building materials, _____

and how each can be used in construction. _____

c. The relationship of architecture with its surrounding environment and the community. _____

d. How entire buildings can be reused rather than torn down when they no longer serve their original purpose. _____

3. Do ONE of the following:

a. With your parent's and counselor's permission and approval, arrange to meet with an architect. _____

Ask to see the scale model of a building and the drawings that a builder would use to construct this building. _____

Discuss why the different building materials were selected. _____

Look at the details in the drawings and the scale model to see how the materials and components are attached to each other during construction. _____

b. With your parent's and counselor's permission and approval, arrange to meet with an architect at a construction site.

Ask the architect to bring drawings that the builder uses to construct the building. _____

While at the site, discuss why the different building materials being used were selected. _____

Discuss how the different building materials and components are attached to each other during construction. _____

Note: To visit a construction site will require advance planning. You will need permission from your parents, counselor, the architect, and the construction site manager. A construction site is a very dangerous place. While there, you will need to closely follow the site manager's directions and comply with all the safety procedures, including wearing a hard hat protective eyewear, and proper footwear.

c. Interview someone who might be your client (such as a prospective homeowner or business owner) if you were an architect. _____

Find out what your client's requirements would be for designing a new home or business building. Write a short program including a list of requirements for the project, _____

the functions of the building and site, _____

how the functions relate to one another, _____

and the goals of the project. _____

4. Measure a room such as one where you live or where your troop meets. Make an accurately scaled drawing of the room's floor plan showing walls, doors, closets, windows, and any built-in furniture or cabinets. Neatly label your drawing with the following: your name, the date, what room you drew, and the scale of the drawing. (Drawing scale: 1/4 inch = 1 foot)

Outdoor Code

As an American, I will do my best to—

Be clean in my outdoor manners. I will treat the outdoors as a heritage. I will take care of it for myself and others. I will keep my trash and garbage out of lakes, streams, fields, woods, and roadways.

Be careful with fire. I will prevent wildfire. I will build my fires only when and where they are appropriate. When I have finished using a fire, I will make sure it is cold out. I will leave a clean fire ring, or remove all evidence of my fire.

Be considerate in the outdoors. I will treat public and private property with respect. I will follow the principles of Leave No Trace for all outdoor activities.

Be conservation-minded. I will learn about and practice good conservation of soil, waters, forests, minerals, grasslands, wildlife, and energy. I will urge others to do the same.
